During the month of March Mrs. W. A. Hiffer, who lives on the Harrodsburg pike, sold 70 dozen eggs, the product of 65 hens for the month, and got 20 cents a dozen for them, making \$14 with a very small outlay.—Lex. Democrat.

A flock of 13 hens will thrive in a yard 20 feet wide by 60 feet deep. In this way 500 hens can be successfully managed on one acre of ground. According to the management they will pay from \$1 to \$2 clear profit for each hen per year. This will give from \$500 to \$1,000 clear profit from one acre of hens. In view of these reliable figures your poultry should receive careful attention if you desire to make a large profit.

PENNY'S CONFIDENCE IN HYOMEI.

Not A Penny Need Be Paid Unless It Cures You Of Catarrh.

"Use Hyomei and be cured of catarrh," says G. L. Penny. When a prominent business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat inhaler that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but \$1.

The inhaler lasts a lifetime and when extra bottles of Hyomei are needed they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages of the lungs with germ-killing and health giving balsams. In this way it cures the most chronic and deep seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, Mr. Penny will cheerfully return the money and it will not cost a penny.

Robert L. Reynolds, one of Shelby City's oldest residents, died at his home there after a short illness of pneumonia. He was 77 years of age and had been a resident of Shelby City for the past 25 years. Deceased was the father of Mr. W. A. Reynolds, the popular druggist at Junction City. Funeral services were held at the Junction City Christian church and interment took place in Bellevue Cemetery.—Advocate.

These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by W. N. Craig.

W. J. Bryan's counsel filed notice of appeal from the decision of the Superior court at New Haven in the Bennett will case. Attorney Newton, of Mr. Bryan's counsel, stated that the case was not one of personal interest and that Mr. Bryan considers it his duty to carry out the wishes of Mr. Bennett and has no thought of profiting by the will himself.

RESOLUTIONS.

I O. O. F. Lodge No. 56, of Stanford, Ky., March 22, 1904.

As much as it has pleased Almighty God to remove our beloved brother, Wm. Daugherty, from our midst, be it therefore resolved that

1 We hereby acknowledge that we have lost a good and faithful brother who loved the order and also a good friend and neighbor; one who loved right and disliked wrong. We ask that our Heavenly Father give us the grace to bow to His will as we believe that our deceased brother is at rest in the Home above.

2 That we extend to his daughter our heartfelt sympathy and pray that she may trust in Him who alone can comfort, sustain and bring her to that Heavenly home, where there will be no parting, knowing that He "doeth all things well."

3 That a copy of these resolutions be sent to the daughter of our Bro. Daugherty and that the INTERIOR JOURNAL be requested to publish same.

J. C. McClary, R. S. Eubank, committee.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the docket of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

President Remsen and the faculty of John Hopkins University have examined 80 of the students of the University on their knowledge of the Bible, bringing out the fact that only one of the 80 could identify two quotations from the Scriptures, and he is studying for the ministry. A newspaper editorial was chosen which contained two Biblical references, one referring to the Ethiopian changing his skin, and the other the shadow moving backward on the dial. The editorial was read to the class, and its members were asked to tell whence the quotations were taken, with the result noted.

The Senate will probably decline to consider the impeachment case against Judge Swayne, of Florida.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of colds, can be had for a trifle? For sale by W. N. Craig.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. THE hit dog howls. In mentioning the Congressional race we stated that Hon. Harvey Helm did not own plantations in other States but that we did not think that that was not absolutely essential to win the race. The Harrodsburg Herald rushes to Col. Moore's defense and tells of his successful life, his big cotton crops, his methodical manner of farming, etc., as if we intended a reflection on its pet candidate. No, of course it is not to a gentleman's discredit to have means, but when friends of that man use his money as their greatest argument in his behalf, it makes the fellow up the tree think that it is Col. Moore's money that is making the race and not the distinguished gentleman himself. With a democratic majority of 2,000 or 3,000 it is not necessary to have a man with a "barrel" to beat the republicans in this district and the old song about "Moore and Money" is rather a ridiculous one and is only sung by Col. Moore's friends to scare Hon. Harvey Helm and G. G. Gilbert out of the race for the nomination. It will be a case of love's labor lost, though, for Mr. Helm is in the race to stay and to win, and while not a "plantation owner," he has abundant means to thoroughly organize and canvass the district, has a good clean record, is close to the hearts of the boys in the trenches and is not a novice as a campaigner by a jug full.

We think more of the democratic party than we do of Mr. Hearst and what we want to see is some one ahead of whose personal worth as a man entitles him to such leadership.—Mt. Vernon Signal. So do we, and our love for the party, if nothing else, would prevent our abuse of a man who has done as much for democracy as Mr. Hearst has. By work and means the gentleman in question has supported the party and its candidates and coming at a time when both were greatly needed, his help should be appreciated the more. In Ryan's campaign Mr. Hearst's contributions exceeded \$250,000, to say nothing of the great service rendered by his half dozen or so democratic allies. Is not a democrat like Mr. Hearst due a little consideration? Seems to us that he is.

ONE United States Senator and one ex-Congressman have so far been convicted in the postal graft, one Senator got out on a technicality and many others would have been convicted had not the House killed a proposition to investigate the remaining three-fourths of the postoffice department, which is reeking with corruption. Vote next fall to turn all the rascals out of office and into the penitentiary. Senator Gorman's demand for further investigation will doubtless go unheeded, but it will

put the blame where it properly belongs. In a speech that must have made the rascals quake in their boots, unless they regard themselves as proof against conviction, the Maryland Senator denounced the plan for an early adjournment of Congress as an effort to hide republican corruption.

EDITOR LOUIS LANDRAM has been editing the Lancaster Record nine years and it is just nine times a better paper than it was when he took hold of it.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fifty described as "Prosperity Valley." The timber is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing, are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 27,000 acres at present prices is making an investment of \$40 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. THE cut of the wrecked Christian church at Crab Orchard, printed a few days ago, was made from a picture taken by J. C. Elrod, the photographer.

THE entertainment given by the children of the Fourth Grade, Miss Esie Burch, teacher, Friday evening, was thoroughly enjoyable and reflected credit both on the teacher and on her pupils. The Graded School Auditorium was packed and all went home feeling well repaid for the time and money spent in going.

KILLED HER SON—Mrs. Thos. Bullock, of the Wildie section of Rockcastle county, suddenly became insane and killed her 18-year old son with an ax, who was ill in the house. She then left. When her husband came to the house from his work, he found his son in a pool of blood on the bed. As the wife had previously shown signs of insanity a search was instituted for her. She was found several hours afterward.

PET GROUND HOG—Mrs. Susan Russell, of the Ottensheim section, has a pet ground hog of which she thinks a great deal. She bought it from a boy last summer and had become greatly attached to it when in October it left. She had almost forgotten her pet when on March 12 it came into her house. Since that time it has remained around Mrs. Russell's home and has learned to do many smart little tricks.

GOOD SHOW AT OPERA HOUSE—The McDade Fun Makers began an engagement at Walton's Opera House last night in Vaudeville, for the purpose of advertising the great German Medicine. This company comes well recommended and good crowds will no doubt attend each night. The admission is only 10c. Dr. St. George F. Ashby, the German physician, has his office at the Opera House daily, where he can be consulted free of charge. Call and see him.

KENNEDY—Mr. E. D. Kennedy, who made Lincoln county one of the very best assessors she ever had, announces his candidacy this issue. Having a splendid idea of the value of lands and personal property, good at figures and a fine penman, Mr. Kennedy is well equipped to fill the office of assessor and he is going to leave no stone unturned in his effort to secure the nomination for that office. He is as good a democrat as he is a clever gentleman and his many admirers all over the county are anxious to see his hopes realized and will do all in their power to bring about the desired result.

THE McDade Fun Makers are giving splendid performances at Walton's Opera House nightly and are deserving of much larger crowds than they are having. The show is absolutely clean and there are no objectionable features whatever. The McDade family, consisting of husband, wife and little daughter, Zorione, are living wonders. They are good in every line and their dancing is the best ever seen here. Little Zorione does the cutest kind of a turn and is always liberally applauded. Mr. and Mrs. Stanley are an exceedingly clever pair and are especially good in song. Mrs. Stanley is a fine dancer and they are both up-to-date in farce comedies. Prof. Francher, the pianist, is not only an adept in classical music but is also a success as a trick performer on that instrument. Dr. St. George Ashby, the German physician, is an interesting lecturer and an affable gentleman. He is a graduate of medical colleges of note both in this country and England.

HEAVY frosts have fallen the last two mornings and it is feared that fruit is killed.

J. C. ELROD, photographer, will move his Crab Orchard branch gallery to Stanford this week.

DR. W. N. CRAIG's drug store is bringing greatly improved in appearance by the use of paper and paint.

My stock of watches, clocks, solid silver goods etc., is select and large and prices low. W. H. Mueller.

DON'T fail to see "A Dreamy Romance" at Walton's Opera House on April 20th in connection with "The Reveries of a Bachelor."

CHANGED DATE—The entertainment to be given at the Graded School on the 8th has been changed to the 15th for satisfactory reasons. Prof. R. S. Eubank asks us to state. Don't forget the date.

DOGS got into Mr. W. H. Traylor's hogs the other night and ran them all over the country around his distillery. Some 35 of them are still missing and Mr. Traylor will give a liberal reward for their return.

ELROD'S "up-to-date" photos are giving entire satisfaction. The quality and prices surprise all who have seen them. Six platinum jewels for 25c. Guaranteed "not to fade" Elmore Building, Stanford, Ky. Short time only.

PURCELL—Mrs. Purcell, wife of Mr. Samuel Purcell, of the East End, died Friday night of pneumonia fever and was buried Saturday in the family burying ground in Rockcastle county. She was about 48 years of age and was the daughter of Mr. Jeff Coffey, of Rockcastle. She leaves a husband to mourn her loss.

THE Central Kentucky Real Estate Exchange & Title Co. has options in almost every county in the State, consisting of town property, farming lands, mills, stocks of goods, etc., also several options on good property out of the State, chief of which is 150,000 acres of cotton land in Mississippi. An investment in lands in Mississippi is sure to realize you enormous profits. Call at our office and examine the list of our property that does not appear in this issue. We are in touch with Louisville, St. Louis and Virginia real estate firms, and property placed in our hands to sell will also be advertised by these firms.

To The Democrats Of Lincoln County.

To many of my democratic friends I have expressed an intention of becoming a candidate for the office of county judge. For reasons satisfactory to myself I have decided not to become a candidate for that office. I desire to tender my sincere thanks to my many friends who have pledged me their support. With best wishes for the future success of the democratic party, I am Respectfully,

M. F. NORTH.

MATRIMONIAL.

Only two marriage licenses were granted during the month of March in Boyle county.

James C. Hawkins, of Midway, and Miss Anna Nelson, of Richmond, eloped to Cincinnati and were married.

Miss Jennie Shumate, daughter of F. M. Shumate, of Danville, was married last week to Prof. J. P. Whit at Johnson City, Tenn.

John W. Gooch, son of M. H. Gooch, of the Waynesburg section, was married to Miss Bertha Wilson, also of that section. Supt. Singleton tied the knot.

The New York World says Parker will have 816 votes in the St. Louis convention, or 148 more than will be necessary to secure the nomination for president. Special Judge Murray decided the contested majority election at Bowling Green in favor of Geo. T. Wilson, the democratic incumbent and contestant. Because her husband persists in smoking a pipe in the house, a woman at Patterson, N. J., filed suit for divorce.

Joe Pleasants and Wm. Chandler
have completed a nice kitchen for W.
T. B. White.

The saw mills in this section are run-
ning at full blast. Boone & James tell
us that their new mill is a dandy.

Morris Harvey, the six-months old
child of Mr. and Mrs. Rueben Adams,
died after a long spell of sickness.

Jack Manuel tells us that he was dis-
turbed the other night by a wild cat
screaming on the hills above his house.

Ernst Lockowitz was hauling a load
of fertilizer from Stanford and went to
sleep and fell off the wagon, bruising
his face considerably.

Mrs. Andy Adams is visiting her sis-
ter in Garrard. J. T. Maueel and Jeff
Kidd have gone to the mountains to
work on the railroad. Mrs. Henry
James has been ill but is better.

Charley Fisher, of Cincinnati, is
visiting his parents here. Mrs. Mary
Hoffman is back from Cincinnati and
will probably make this place her fu-
ture home. Mrs. Otto Benkelman is
visiting her parents, Mr. and Mrs.
Christopher Bliss.

Miss Mary Anderson, aged 16, daugh-
ter of Mr. and Mrs. Wm. Anderson,
died of typhoid fever after a brief ill-
ness. She was the first one to leave
the family circle by death. She was
the idol of her parents and leaves a host
of friends to mourn her loss. She joined
the Christian church about a year
ago and since then had been a faithful
member and a tireless worker for the
Master's cause.

GOOD SPIRITS—Good spirits don't all
come from Kentucky. Their main source
is the liver—and all the fine spirits ever
made in the Blue Grass State could not
remedy a bad liver or the hundred-and-
one ill effects it produces. You can't have
good spirits and a bad liver at the same
time. Your liver must be in fine condi-
tion if you would feel buoyant, happy
and hopeful, bright of eye, light of step,
vigorous and successful in your pursuits.
You can put your liver in fine condition
by using Green's August Flower—the
greatest of all medicines for the liver and
stomach and a certain cure for dyspepsia
or indigestion. It has been a favorite
household remedy for over 35 years. Aug-
ust Flower will make your liver healthy
and active and thus insure you a liberal
supply of "good spirits." Trial size, 25c;
regular bottles, 75c. At all druggists.

ANTECARLO, 2:26 1-2.

Made over Versailles track in winning race. Sired by Anteo, 2:16 1/4, that sold for
\$50,000 at public sale. 1st dam Mary Ann, by Hailstorm 813, son of Mambrino
Patchen. These two crosses produced The Abbot, 2:04 1/2, champion trotting gelding
of the world. 2nd dam by Independence, son of Andrew Jackson. Independence's
dam by American Star. The American Star and Andrew Jackson blood is responsible
for Crescens, 2:02 1/2, the champion trotting stallion of the world. You see Antecarlo's
two topcrosses are responsible for the fastest gelding, two next crosses are responsible
for the fastest stallion. Then you see he is better bred than either of them for he has
the blood of both. Antecarlo is a solid brown horse, 15 1/2 hands high, weighing 1,170
pounds, fine style and action. One of the best posted men on trotting horses writes of
him as follows:

In regard to the stallion, Antecarlo, 2:26 1/2, you bought of T. H. Smiley, I will say I
worked him about 90 days in 1901 and I consider him one of the fastest trotters I ever
drove, or in other words about as fast as I ever saw. I have seen him trot a 2:04
gait timed by a prospective buyer. There never was a time while he was in my charge
that he could not step a quarter in 32 1/2 to cart. He does not need any extra rigging of
any kind.

He will make the present season at my barn in the West End of Stanford at \$10 to
insure a living colt.

Will also stand a good mule Jack at \$8 to insure a living colt. Be sure and see this

A Significant Fact.

"It's a good thing, pass it on." I hold
in my hand the Louisville, Ky., Daily
Courier Journal of Dec. 31st, and I read
in a column article that the Kentucky
Distillers' Association met in Louis-
ville on Dec. 29-30 and decided to lim-
it the output of the Kentucky distillers
for 1904 to 18,000,000 gallons of whiskey.
Last year the output was over 30,000,-
000, and in 1902 it was about 54,000,000.
Think of it! Just one third of the
amount 1902, two years ago, is to be
made this year. And why? That's
where the shout comes in. Listen!

This same aggregation assigns among
other reasons that the violent anti-sal-
oon and prohibition legislation over
the whole country, especially in the
South and West, has caused a decided
diminution in the demand for liquors,
and the circulars they are sending out
to the retail trade asking for a cam-
paign, say: "Unless this fanatical opo-
sition is checked and crushed the li-
quor trade of the country is ruined."

And yet the cry is sometimes raised
that it is useless to contend with the
liquor power or seek to diminish the
proportions of the business. Behold
the State of Kentucky! The mighty
swill-tub there is growing beautifully
less; and as surely as right is right the
so-called "fanatical opposition" to the
liquor traffic will continue. This ques-
tion-begging epithet thrown at men
and women will not in the least divert
them from a high and holy purpose.
Write it down so.—Dial of Progress,
Iowa. Contributed by G. L. Carpenter.

Hot milk added to potatoes when
mashing them will keep them from be-
ing soggy or heavy.

Celery should lie at least an hour in
cold water or upon ice before being
served, in order to be firm and crisp.

A piece of flannel dampened in cam-
phor is nice with which to polish mir-
rors.

The knife should be held perpendicu-
larly when cutting warm cake or bread.

It takes only \$2 worth of chickens to
send Sambo to the pen, now. And if
the fowl is extra high bred, one swipe
will do the business. He can take his
neighbor's poor old cow, her fine young
calf, the best blow on the place, two
or three sheep, or any other coveted
property not to exceed in value \$20,
and he may escape with a flea. But
when he approaches the chicken roost
—take care!—Hartford Herald.

An explosion in a bank at Albia, Ia.,
resulted in the death of three persons,
the injury of several and the destruc-
tion of property amounting to \$75,000.
